DRAWING

SPECIFICATIONS

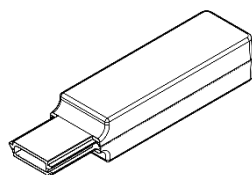

Part number	150 230 330
Description	Led module 3 LEDS 3000K
Working voltage	24Vdc
Power	8W
Length	230 mm
Qty leds	3
Lens	10° / 52° asymmetrical
Light output	850 lumen
Color temperature	3000K
IP	20

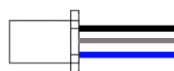

Part number	150 230 375
Description	Led module 3 LEDS 7500K
Working voltage	24Vdc
Power	8W
Length	230 mm
Qty leds	3
Lens	10° / 52° asymmetrical
Light output	1100 lumen
Color temperature	7500K
IP	20

ACCESSORIES

Part number	164 19 24 00 00
Description	Dimmer 1-10V powerledmodule
Wire length	75 mm
Adapter to dim the led modules with a 1-10V signal	

Part number	Ledmodule supply cable 1m 3P
Description	Connector 3p female
Wire length	1000 mm
Wire qty	3
