SPECIFICATIONS

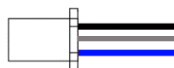

Part number	150 460 630
Description	Led module 6 LEDS 3000K
Working voltage	24Vdc
Power	13W
Length	460 mm
Qty leds	6
Lens	10° / 52° asymmetrical
Light output	1450 lumen
Color temperature	3000K
IP	20

Part number	150 460 675
Description	Led module 6 LEDS 7500K
Working voltage	24Vdc
Power	13W
Length	460 mm
Qty leds	6
Lens	10° / 52° asymmetrical
Light output	1600 lumen
Color temperature	7500K
IP	20

ACCESSORIES

Part number	164 19 24 00 00
Description	Dimmer 1-10V poweredledmodule
Wire length	75 mm
Adapter to dim the led modules with a 1-10V signal	

Part number	Ledmodule supply cable 1m 3P
Description	Connector 3p female
Wire length	1000 mm
Wire qty	3
